

RETAIN UNTIL OCTOBER 26th**QUALIFYING RATING LIST FOR STEEPLE CHASE AND HURDLE RACE HANDICAPS AND CLASSIFIED STAKES CLOSING ON SEPTEMBER 19th****and for the closings up to and including OCTOBER 23rd, subject to amendments and additions as published**

The following list contains entry qualification ratings for horses in those Steeple Chases and Hurdle Races with entry restricted by ratings. This list is published for information only. Full lists of qualifying handicap ratings are published each Tuesday on the Official Handicap Ratings area of the Racing Administration Internet site. In order to assess a qualifying rating for entry in Steeple Chase and Hurdle Race Handicaps and Classified Stakes, reference must be made to these lists.

This list may be kept and used for future closings in conjunction with the weekly lists of additions and amendments which are published on the Racing Bulletin area of the Racing Administration Internet site. The next full list containing Steeple Chase and Hurdle Race ratings will be published on the Racing Bulletin area of the Racing Administration Internet site on Thursday, October 26th. **Full Handicap Rating Supplements will no longer be published in The Racing Calendar.**

Horses not included in this list or in the published rating list on the Racing Administration Internet site but qualified to run in a Handicap or Classified Steeple Chase or Hurdle Race under Rule (F)42 by having either run three times collectively in Steeple Chases or Hurdle Races in Great Britain, Ireland or France, or having won a Steeple Chase or Hurdle Race in Great Britain, Ireland or France, up to and including the Saturday prior to closing, may be entered and will, subject to the provisions of Rule (F)42.5 to Rule (F)42.9, be allotted weights in the races for which they are entered **unless the rating subsequently allocated by the Handicapper is outside the qualifying rating band specified in the conditions of the race**, in which case the entry will be invalid (see Rule (F)80.4). Their ratings will then be included in the next publication of the rating list.

In addition, subject to the provisions of Rule (F)79.4 horses which have run at least three times collectively in a Steeple Chase or Hurdle Race run under the Rules of Racing any one or more recognised Racing Authorities, and which do not have Novice status in respect of the type of race entered, may also be eligible for entry in Handicap or Classified Steeple Chases or Hurdle Races classified 1, 2 or 3, in accordance with Rule (F)42.4, provided that the Handicapper is prepared to allot a Handicap rating.

The Handicapper may decline to allot a rating for a horse entered in a Handicap or Classified Steeple Chase or Hurdle Race if, in his opinion, he does not have sufficient information upon which to allot a rating, in which case the entry will be invalid (see Rule (F)80.4).

Please note that Novice horses which have not run three times collectively in Steeple Chases in Great Britain, Ireland or France will NOT be eligible to be entered in Handicap Steeple Chases classified 1 or 2 and Novice horses which have not run three times collectively in Hurdle Races in Great Britain, Ireland or France will NOT be eligible to be entered in Handicap Hurdle Races classified 1 or 2 (see Rule (F)42.5). In addition, a Novice horse shall only be eligible to run in a Class 2 Novices' Handicap Steeple Chase if it has run a minimum of three times collectively in Steeple Chases in Great Britain, Ireland or France or, having run in two such races, has, on each occasion, been placed in the first four (see Rule (F)42.5.1).

With effect from races taking place on or after October 1st, 2013, Novice horses will be required to have previously run in at least one Steeple Chase or Novices' Handicap Steeple Chase in Great Britain, Ireland or France up to and including the Saturday prior to closing in order to qualify for a Steeple Chase rating and thus be eligible to run in Class 3, 4 or 5 Handicap Steeple Chases not restricted to Novices (see Rule (F)42.5.3). A Novice horse will be also eligible to run in a Class 3, 4 or 5 Novices' Handicap Steeple Chase on its first run in a Steeple Chase, subject to the provisions of Rule (F)42.3.

In respect of those Novice horses which are not eligible for a Steeple Chase rating under the revised Rule (F)42.5 due to the fact that they have not run in a Steeple Chase or Novices' Handicap Steeple Chase in Great Britain, Ireland or France, provided that they are eligible for a Hurdle Race rating, they will be permitted to enter weight-for-age Novices' or Beginners' Steeple Chases with entry restricted by rating or Class 3, 4 or 5 Novices' Handicap Steeple Chases. In these circumstances, they will be qualified for the races concerned only if their published Hurdle Race rating is within the qualifying rating band of the race entered. If they do not have a published Hurdle Race rating, but are duly qualified for one, then they will also be qualified for these races, provided that the Handicapper is prepared to allocate a Hurdle Race rating and the rating subsequently allocated by the Handicapper is within the qualifying rating band specified in the conditions of the race, otherwise the entry will be invalid.

Full details of the qualification criteria are contained in the relevant Rules of the British Horseracing Authority referred to in the above summaries, which are published for guidance only.

The handicap rating shown below is based on racecourse performances up to and including the Saturday before publication.

The list of qualifying Handicap Ratings will be published on the Official Handicap Ratings area of the British Horseracing Authority Racing Administration Service Internet Site, which is updated weekly, each Tuesday morning. These ratings will apply for qualification for Steeple Chase and Hurdle Race Handicaps and Classified Stakes closing on the Tuesday of publication through to the following Monday. Weekly amendments to these qualifying ratings will also be published, for information, on the Racing Bulletin area of the Racing Administration Internet site. **Lists of qualifying ratings will no longer be published in The Racing Calendar.**

The following ratings are published for guidance to Trainers when making entries for Rating Related Steeple Chases and Hurdle Races. They do not necessarily reflect the ultimate relativity between horses when the weights are allocated in Handicap races.
