ENTRIES FOR FOREIGN RACES

Trainers are reminded that entries for races taking place outside of Great Britain will be accepted by the Racing Operations Department at the Racing Calendar Office only in respect of Pattern Races*, Irish races and any other races for which the full conditions have been advertised in the Races to Close section of The Racing Calendar. Entries for other foreign races or from trainers not licensed in Great Britain cannot be accepted at Wellingborough.

Declarations of forfeit, declarations to run and cancellations of declared runners for foreign races must be made by the times stated in the individual race conditions, which in all cases will reflect local time in the country concerned and which will, therefore, except for races run in Ireland, be different to British Time.

These transactions subsequent to the entry stage cannot be accepted by the Racing Calendar Office and must be made directly to the relevant Racing Authority concerned.

When a horse is entered in a race to be run outside of Great Britain, its Owner, Trainer and Rider will be deemed to have knowledge of the Rules of Racing applicable in that country and to have agreed to be bound by those Rules.

ABANDONED RACING

Windsor, May 9th.....Concerns were raised following the third (7.10pm May 9th) race when, returning, jockeys expressed their concerns over the bend being slippery. A further inspection revealed that rain which had fallen on ground that was good, good to firm at the start of racing had now deemed the course unsafe for racing to continue.

Thursday, July 7th and declarations of riders must be made by 1.00 p.m. on Thursday, July 7th.

This race will be restricted to 20 runners plus two reserves. The two reserves will be nominated as R21 and R22. The procedure for the allocation and operation of the reserves protocol will be as detailed in the notice headed 'Reserves' which has been published in The Racing Calendar and which also appears in the important notices following the Standard Conditions on the Racing Bulletin area of the BHA Racing Administration Internet site www.racingadmin.co.uk. Trainers are reminded of the provisions of Schedule (F)7 which require that they must notify the Racing Calendar Office immediately when the decision has been made not to run. This will maximise the list of runners. The Racecourse Executive will pay a travel allowance of £400 to any reserve that travels to the course on the day prior to this race, but which subsequently fails to take the place of a declared runner. For the avoidance of doubt, such payments will only be made to any such reserve which would reasonably be expected to travel on the day prior to the race and, thus, for which it would be necessary to begin the journey to the course before the deadline for a reserve to replace a non-runner has passed, i.e., 1.00 p.m. on

Friday, July 8th. Trainers seeking to claim this allowance must seek prior confirmation from the Racecourse Executive before commencing the journey. Elimination from this race will be as provided for by Part D of Schedule (F)8. All horses which Start in this race, as defined in the Rules of Racing, shall be required to carry a speed sensing device in accordance with the provisions of Rule (C)43.4.

This provision does not constitute any qualification for the purposes of Schedule (B)2.4. The British Horseracing Authority has modified Rule (F)92, Rule (F)102 and Rule (F)103 of the Rules of Racing for the purposes of this race. (No confirmation of entry is required for Supplementary entries).
